Why Choose Peachtree Life Settlements?

Peachtree Life Settlements is an acknowledged leader in the life settlement industry - a pioneer in the secondary market for life insurance – a market that allows policy sellers to maximize new and added value from insurance assets they may no longer want or need.

Peachtree Life Settlements is one of the nation’s largest life settlement providers, we have purchased, and currently service, over \$2 billion in policy net death benefit, we are renowned for our efficiency, integrity, innovation and dedication to excellence in the life settlement marketplace.

Our mission is to apply our resources and expertise to maximize value for our relationships while adhering to the industry’s highest ethical and regulatory standards.

We accomplish our mission by:

- ◀ Securing increasing amounts of institutional investment capital and capital partners who provide a consistent supply of competitive financing for the life settlement market;
- ◀ Identifying and building relationships with intermediaries who facilitate the sale of qualifying life insurance policies;
- ◀ Opening new opportunities for consumers and the financial professionals who serve them to participate in the life settlement market;
- ◀ Concentrating on our core competencies, which are the sourcing and valuation of life insurance products and timely acquisition thereof;
- ◀ Consistently leveraging our expertise to develop innovative products, services and solutions that add value for our clients and complement our core business;
- ◀ Educating the business world about life settlements and their associated consumer benefits;
- ◀ Peachtree Life Settlements is deeply committed to developing a broad range of educational programs and materials to help consumers and financial professionals understand the secondary market and the opportunities it offers; and
- ◀ Committing to excellence at every level of our organization and delivering the best possible results to our relationships.
